Subject: PUBLIC COMMENT: Canceled March 18th Special Meeting.

[External Email]

Hello Ms. Polar,

The Special Meeting previously scheduled for March 18, 2026 had only one substantive topic on the agenda:

"Board of Commissioners Training on Brown Act, the Public Records Act, and other responsibilities for the Board of Commissioners."

That Special Meeting was canceled. And to date, the agenda item has not been rescheduled.

The Agenda materials for Item 10A in the October 2025 AHA Board meeting included a memo signed by the Executive Director containing the following commitment: ***"annual Brown Act training will be held in early 2026 for all Staff and Board members."***

The memo signed by the Executive Director for Item 10C also included the same comment.

When will this agenda topic be rescheduled? Will it be in early 2026?

Thank you.
